ULTRA STEP TWIST DRILL DIN 338 ULTRA STEP SPIRALBOHRER DIN 338

the excellent choice of high performance and high precision

- ideal for high-strength steel sheet, stainless steel sheet,
round pipe, cast iron, non-ferrous metal, plastic,
softwood and hardwood, etc., also suitable for repairing
or enlarging the existing holes bored

- innovative step tipped technology design,
divides the entire drilling process into multiple sub-steps and
discrete nodes which maximizes efficiency

-optimized tip structural geometry and fully ground helix flutes,
provide extremely accurate and perfect circular holes achieved
without burrs
